

Is That You

Tamia

You know how I do it
I try to rock ya all night, all night
You know how I do it
I try to rock ya all night, all night
yes indeed

I'm looking for the one
Who can rock it from the night to the daylight
Ain't afraid to go and see what it tastes like
Keep it in the groove make it stay tight
Is that you?
Not just my lover, my best friend
Down, down through thick and thin
With me through the very end
Is what I'm looking for
Somebody who understands it's all about me
Does everything in my dreams
Knows just what I need to make me happy
Could you be

You've got to know what I mean
when I say do you love me
And how much do you think of me
The hook up we've got going on on on
The most beautiful thing to me is to see
Two people in harmony
In love (in love)
I'm happy to let you know

It's everybody's dream
To find the one that was made for them
Even though your chances are slim
You just gotta believe
That when it gets too hard
You can't fall apart
You gotta keep on keep on
Tryin to get what you're lookin for
