Kisses of raindrops wash away the pain,each stroke is a journey
on a long train to a new destination new meditation in love re
lization of possibilities he says to me I've given hard, mystic
al, tender and correct, without expactations yet all of them me
t ,take me around the world, but please come direct speak to me
,speak to my heart

To be or not to be won't be any question

Make it like ...

The slings of arrows of outrageos love are gone

Make it like...

A dream I can touch,a dream I can feel.

Only you,only you can take me there

Make it like ...

Each strokes a journey, oh on a long train
