

# Still Love You

Tamia

When the song is over and movie's done,  
When the lights come up and the credits run,  
If we never get to where we thought we'd be,  
When there's only you and there's only me,  
I will still love you.

I will, I will, I swear I will  
I will still love you!  
Oh, I will, I will, I swear I will

When we're old and wrinkled and start to gray,  
When the years have caught up and beauty fades,  
When our knees get weak and we can't see as well,  
When there's only memories, stories to tell,  
I will still love you.

I will, I will, I swear I will  
I will still love you!  
Oh, I will, I will, I swear I will

Love has no standards like people do  
It has no limit  
My love for you!  
My love for you!

I will, I will, I swear I will  
I will still love you  
I will, I will, I swear I will  
I will still love you!  
Oh, I will, I will, I swear I will  
I will still love you  
I will, I will, I swear I will  
I will still love you!  
Oh, I will, I will, I swear, somebody say  
I (I)  
Will (Will)  
Still (Still)  
Love you!  
Say!  
I (I)  
Will (Will)  
Still (Still)  
Love you!  
Say!  
I (I)  
Will (Will)  
Still (Still)  
Love you!  
I (I)  
Will (Will)  
Still (Still)  
Love you!  
I (I)  
Will (Will)  
Still (Still)  
Love you!
