

## I Need You By My Side

Tampa Red

Although it seems that we must part  
You will forever be in my heart  
Though I shall never think of  
Why we had to start, we had to start

And though you say, now  
That we are through  
My love remains for only you  
Because I love you  
You know I need you by my side

You know I love you  
And I need you by my side

Before you leave me  
Come shake my hand  
I hope someday you will understand  
How much I need you  
How much I loved you from the start  
Right from the start

And if you ever need a friend  
I shared the oath until the end  
Because I love you  
Yes, and I need you by my side
