

When The One You Love Is Gone

Tampa Red

Ain't it lonesome when the one you love is gone?
Ain't it lonesome when the one you love is gone?
Well, you cannot help but to worry
I know you're bound to weep and moan

My night are lonely and my days are plenty blue
My nights are lonely and my days are plenty blue
Well, I can't find no contentment
No matter what I do

Umm, if I could just explain
Umm, if I could just explain
Well, but I'm upset and I'm bothered
And my heart is full of pain

Come back, baby, and I won't be bad no more
Come back, baby, and I won't be bad no more
Well, I will string along with you, baby
No matter where you go
