

You Got Me Worryin'

Tampa Red

I have a tendency to keep a-worryin'
No matter where I am or go
And it's all because
You say you don't want me no mo'
No mo'

You've got me cryin'
You've got me sighin'
You've got me tellin' folks that never knew
How much you've got me worryin', bout you

Sun don't seem to shine, no mo'
Because of the rain
My birdie's lovely song
Don't even sound the same

I try to sing, I try to dance
But when I find myself, I'm in a trance
'Cause you got me
Pretty worried 'bout you

'Yeah! Get it now, little low'

Sun don't seem to shine, no mo'
Because of the rain
My birdie's lovely song
Don't even sound the same

I try to sing, I try to dance
But when I find myself, I'm in a trance
'Cause you've got me
Yes, you've got me
An I'm worrin' bout you.
