

You Got To Learn To Do It

Tampa Red

Take it away there, Bob
I'm lookin' at you there, I'm lookin' at
That's old Black Bob ticklin' the ivories, there
Ladies and gentlemen, look at 'em there, c'mon

You've got to get down to it
You've got to learn to do it
Because everybody does it
And you got to learn to do it, too

You got to learn to sing it
You got to learn to swing it
Because everybody's singin'
And you got to learn swing it, too

When you see two lovers
Huggin' and kissin', don't get ashamed
Take another shot an make it hot
And do the same old thing

Oh, you got to learn to shake it
You got to learn to take it
Because everybody does it
And you got to learn to do it, too
Get it now, when they hot

When you see two lovers
Huggin' and kissin', don't get ashamed
Take another shot, make it hot!
Do the same old thing

Oh, you got to learn to shake it
You've got to learn to take it
'Cause everybody does it
You got to learn to do it, too, yeah
