

Amazing

Tank

Light the candles and we'll be romancing you
And we're gonna play some more, cause your body is starving ooo
oo
And you ain't gonna worry about left-overs
'Cause it's loving that I'm giving you
It's freshly served, I know what you want, I know your favorite
song
Baby put your watch down this gonna be a long while

Amazing, incredible, I'm standing down, that's what you want
Mind blowing, your beauty's showing
Amazing, girl that's what you are

Girl stay right there, I'm a give it all to you
And yeah I noticed your lack of love but I'm gonna please you,
you
Now I got your attention, how often get to mention you
Cause a night when I pary this is what I say about you

Amazing, incredible, outstanding, that's what you are
Mind blowing, your beauty's showing
Amazing, that's what you are

So hold on, it's about to be a bumpy ride
So strong way you feel every time I look in your eyes
Baby, baby, baby, baby
Go ahead, satisfy me
Baby, baby, baby, baby
You got just what I need
Amazing, incredible, outstanding, girl that's what you want

Mind blowing, your beauty's showing
Amazing, that's what you want
Amazing, incredible, outstanding girl, that's what you want
Mind blowing, don't you wish, show me, so beautiful
Amazing, you're, that's what you want, yeah
That's what you want.
