

I Still Believe

Tank

Ooh oh yeah,
can I get something off my chest

Ooh Um hmm
Every now and then I think of all the times we shared
your the only one who lets me know you really care
I miss you more and more and day by day it's hard to see
just how you love me so and everything you gave to me

I still believe, I believe in you and me
And that one day we will be together
and I know it sounds strange to you
but I never moved on cause my heart wouldn't let you go
until I let you know I still believe.

I can barely remember the time
the time we were caught in the rain
how you took my hand and you said I have things to say
It's the little things that makes me stronger everyday
I don't know if you hear me somewhere I hope your listening.

Your the only one (be the only one)
who shined a light into my life.
Took me from where I was and
lead me toward what was right.
