If You Were Mine

I'd love you 'till the time was forced to slow down, I'd make understand love the right way I'd give you all of me to make you so proud I'm begging for a shine, that is all I can say If you were mine I'd never let you go If you were mine I'd hold you close to me If you were mine I'd treat you like you're everything I need If you were mine, say if you If you were mine I'd did you all the things you should know If you were mine If you were mine

If you were mine, ooh I If you were, if you were Oooh ooh ooh
