

# Lost In You

Tank

Candlelight  
Incense burn like  
We been at it 4 awhile  
Everything we do  
Feels so right  
Keep it right here  
Tryin 2 find my way  
(Tryin 2 find my way)  
In a place I've never been  
(Place I've never been)  
I messed up 4 sure

I'm so lost  
In u  
I'm so lost  
In u  
I'm surrounded  
By your love  
I give up  
I'm so lost  
In u

Your touching me  
The way my body likes  
We driving off road  
Buckling me up  
So tight  
I got no where  
2 go  
Trying 2 find my way  
(Trying 2 find my way)  
In a place I've never been  
(Place I've never been)  
I messed up  
4 sure

I'm so lost  
In u  
I'm so lost  
In u  
I'm surrounded  
By your love  
I give up  
I'm so lost  
In u

Now  
All these trees  
They all look the same  
And I'm  
Deep in these woods  
Screaming your name  
I  
Just wanna be  
Lost everyday  
And I don't need  
Directions

Just let me stay  
Lost

-Guitar Break-

I'm so lost  
In u  
I'm so lost  
In u  
I'm surrounded  
By your love  
I give up  
I'm so  
Lost  
In u

I'm  
So lost  
In u  
I'm so lost  
In u  
I'm surrounded  
By your love  
I  
Give up  
I'm  
So  
Lost  
In u
