

Run Like Hell

Tank

Yeah!!! Roll me over and let me see I wanna watch them suffer a
ll these people lookin' down at me
It really make me shudder, they wont explain how their face doe
sn't look quite the same
Just who is to blame? We'll be hiding just before they take aim
Run Like Hell, they're comin' at me again Run Like Hell. They'r
e lookin' at me again Run Like Hell
Be a hero, you romantic fool. What makes you so special?
Show off your medal you brought back from school a worthless pi
ece of metal
They wont explain how their face doesn't look quite the same
Just who is to blame? We'll be hiding just before they take aim
Run Like Hell, they're comin' at me again Run Like Hell. They'r
e lookin' at me again Run Like Hell
Run Run Run Run Run Run
Cross the boarder to the land of the free you still think it's
clever? to let them keep on torturing me
I just hope I never. See you alone When you're walkin' the stre
ets on your own, your own
Just leave me alone You'll be dead long before you get home
Run Like Hell, they're comin' at me again Run Like Hell. They'r
e lookin' at me again Run Like Hell
Run Run Run Run Run Run Run Like Hell Run Run Run Run Run Run
