

## Scream

Tank

Look me in eyes, while I'll make love to you girl  
I wanna see your face I wanna know you feel it  
And I won't be suprised because I know I feel it too girl  
And I ain't into keeping secrects anymore

'Cause I already know you love it babe, sometimes  
I just wanna hear you say it... {yeaahh}  
I want you to tell me just how good it feels tonight

Scream when your fed up  
Scream when your sick and tired baby  
Scream when you packed your bags and you walked up out the door {so let me h  
ear you now}  
Scream cause it feels good  
Scream girl cause were making love like crazy  
Scream when your calling my name out and you beggin me for more  
Let me hear {ah ah ah ah ah ah ah ah}
