

Set Your Back On Fire

Tank

I'm looking out for something, but I don't know what
It's always cold when I'm hangin' out and I'm in when it's hot
Why do I have to do this? A fool to myself
Resistance will be useless that's why you need some help
You better wait your turn I guess you'll never learn you mother
fucker
I show you what I mean, I blow a can of gasoline,
Only for a laugh! I'm gonna set your back on fire I'm gonna mak
e you burn
I find it so disgusting, and that's a fact You got where you ar
e from standing up
and lying on your back You said I'd be the first one
I really was the twelfth and I wouldn't go back to your cozy fl
at cause I value my good health
You better wait your turn I guess you'll never learn you mother
fucker
I show you what I mean, I blow a can of gasoline,
Only for a laugh! I'm gonna set your back on fire I'm gonna mak
e you burn
