

## Sex Music

Tank

If you sexy and you know it  
And you sexy and you show it  
Lemme see you get your hands in the air  
If you sexy and you know it  
And you sexy and you show it  
Wave your hands like you just don't care

We don't need no clothes for this  
They be on the floor for this  
All up on the pole for this  
Dropping down low for this  
All up on the side with this  
All between her thighs with this  
Imagine how she ride with this  
Wait 'til I'm inside with this oh, oh

I know it's turning you on, on  
Didn't think it take us this long, long  
To have our bodies going crazy to the beat of this song, oh

We get it on, ah ah all night long  
To this sex music, sex music  
Don't stop, that's it, right there, that's my shit  
To this sex music, sex music

We got plenty time for this  
All that's on my mind with this  
All day on the grind for this  
I'ma make you mine to this  
'Tron and a lime with this  
Hope you get right to this  
'Gon and close your eyes to this

Love the way you bite your nipple

I know it's turning you on, on  
Didn't think it take us this long, long  
To have our bodies going crazy to the beat of this song, oh no

We get it on, ah ah all night long  
To this sex music, sex music  
Don't stop, that's it, right there, that's my shit  
To this sex music, sex music

Gurl I love your birthday suit  
Sho' looks good on you  
I just wanna lick you from head to toe  
I'ma having you screaming oh, oh  
Baby take this ride,  
Got me gased up all night  
Push the petal down to the flo'  
We got sex music on the radio

We get it on, ah ah all night long  
To this sex music, sex music  
Don't stop, that's it, right there, that's my shit  
To this sex music, sex music

Sex, sex, sex music (oh oh oh)  
Sex, sex, sex music (oh, ah, oh)
