

She Got That

Tank

You got what it takes to put it on me
Cause I heard about you from the homies but
What a nigger gotta do to get a piece of you
Why you try to hold it on me
Why did you got the greatest show on it
Got my dick... party under your skirt
And I wanna get inside
Trying to get a ride
Can we get this thing off tonight
I know you have been around
And it's quit alright to me
Can I get my turn on
Do what you did to them to me

She got that body
She got what I need
She got that... I wanna do
She got that butty
She got that hodies
She got that
Nigger I wish I could have her to
Baby I am gonna... on your door
Early on the morning at 3 or 4
She got that body
She got what I need
She got that
I wanna see what she can do

Time for me a nigger don't wanna
She's gonna be tripping like a nigger...
Cause I can handle her show her how we do it where I come from
All you gotta do is say the word boo and in 20 we can get all up in the room
Cause I want it kind of bad the best I ever had...
So elt me get a taste of all the things you do
I know you have been around can I get my...

She got that body
She got what I need
She got that... I wanna do
She got that butty
She got that hodies
She got that
Nigger I wish I could have her to
Baby I am gonna... on your door
Early on the morning at 3 or 4
She got that body
She got what I need
She got that

Do you like that
