

Walking Barefoot Over Glass

Tank

Hey! What's going on in your mind? Hey! Why are you so snide?
You are going way past the limit, you're driving your coffin so
smile and get in it
Where did I get all this bad luck from, did I get so close so t
hat I get stung
Wouldn't even give the time of day, never listens to a word I s
ay
Somebody has prepared to pay at last
I'm walking barefoot over glass, I'm walking barefoot over glas
s, I'm walking barefoot over glass
Hey! Are you drunk or just blind. Hey! Don't you think it's abo
ut time
You found a way how to kick it, it's my name that you're droppi
ng so don't forget it
Where did I get all this bad luck from, did I get so close so t
hat I get stung
Wouldn't even give the time of day, never listens to a word I s
ay
Somebody has prepared to pay at last
I'm walking barefoot over glass, I'm walking barefoot over glas
s, I'm walking barefoot over glass
Hey! It was an uphill climb. Hey! I just caught you in time
You are my number one critic, if you say that again I'll tell w
here to stick it
Where did I get all this bad luck from, did I get so close so t
hat I get stung
Wouldn't even give the time of day, never listens to a word I s
ay
Somebody has prepared to pay at last
I'm walking barefoot over glass, I'm walking barefoot over glas
s, I'm walking barefoot over glass
