

## Chains In Your Face

Tankard

Danger! Danger! They kill without fear  
Without a warning you'll die tonight  
Hunting and killing and raping again,  
their only aim to take your life  
Die, die! Brutal gangs of death  
Innocent victims they like to kill  
Fear, fear! We know their cruelty  
Hope never to meet them

Death - is real tonight  
Chains - you have no chance  
Death - is real tonight  
Blood - is what they need  
Chains, chains (In your face)

Fight, fight! Answer their aggressions  
Take the weapons and defend yourself  
Hunting and killing and raping again,  
their only aim to take your life  
Kill, kill! The time has come  
Hope, hope! We dance on their graves  
Now they've payed for their brutal murders
