

Mon Cheri

Tankard

I want you my baby
I need you my sweetheart
My heart Is full of love for you

I need you to stroke and
I need you to kiss

Lying In your arms
And touching your skin
I can't describe this feeling I have
I want you to get and I want you to feel

Mon Cheri - I love you so
Mon Cheri - I need you my baby

Your lips like red roses
Your eyes like the blue sky
Your legs and your hair are driving me insane
I can't take a breath without you my darling
