

No One Hit Wonder

Tankard

No one hit wonder!
We're rolling thunder
No one hit wonder!
From over yonder
No one hit wonder!
Like Knack's Sharona?
Or Teen Spirit moaner?

Meet them, those superstars
Who write a single hit
On top of all the charts
They are set for life with it

Even when fame has gone
They live in luxury
Forever pop icons
Pleasant, right? Pleasant treat!

Where is the justice
For our songs?
Cause we are Tankard!
Where the hell did we go wrong?

No one hit wonder!
We're rolling thunder
No one hit wonder!
From over yonder
No one hit wonder!
Like Knack's Sharona?
Or Teen Spirit moaner?

We played our asses off
For more than 30 yeas
But now our patience's gone
We want cash, keep the beer!!

There's only one way out
A new identity
Transgendering of course
Sex sells well, that's the key!

Where is the justice
For our songs?
Cause we are Tankard!
Where the hell did we go wrong?

No one hit wonder!
We're rolling thunder
No one hit wonder!
From over yonder
No one hit wonder!
Like Knack's Sharona?
Or Teen Spirit moaner?

No one hit wonder!
We're rolling thunder
No one hit wonder!

From over yonder
No one hit wonder!
Like Knack's Sharona?
Or Teen Spirit moaner?
No one hit wonder!
