

Pay to Pray

Tankard

I'm the front-man of forgiveness
Touring in my Chevrolet
All the bible-belt I ramble
Come, rejoice I'm on my way
I bring you the greatest love-show
And my play-list is a blast
I just got that certain spirit
And my fan-base's growing fast

I sell Jesus' backstage passes
May God bless you
Special offer, yes a bargain
I'm cheapest, it's true
Come to meet-and greet the savior
Sing: "Hallelu...!"
Free yourself from earthly burdens
I'll bear them for you
(I'll bear them for you, I'll bear them for you)

I will make you pay to pray
Say, won't you be redeemed today?
Yes, I will make you pay to pray
You never know when he will come,
You never know when you'll be gone
So take your chance and pay to pray

I present our choice of wonders
Lame, mute, deaf, I heal the lot
Raise your hands and join the chorus
What you give will do me good
Every question finds an answer
You can read it in my book
Merchandise, CDs and TV
Yes I get the masses hooked

I sell Jesus' backstage passes
May God bless you
Special offer, yes a bargain
I'm cheapest, it's true
Come to meet-and greet the savior
Sing: "Hallelu...!"
Free yourself from earthly burdens
I'll bear them for you
(I'll bear them for you, I'll bear them for you)

I will make you pay to pray
Say, won't you be redeemed today?
Yes, I will make you pay to pray
You never know when he will come,
You never know when you'll be gone
So take your chance and pay to pray

I sell Jesus' backstage passes
May God bless you
Special offer, yes a bargain
I'm cheapest, it's true
Come to meet-and greet the savior

Sing: "Hallelu...!"

Free yourself from earthly burdens

I'll bear them for you

(I'll bear them for you, I'll bear them for you)

I will make you pay to pray

Say, won't you be redeemed today?

Yes, I will make you pay to pray

You never know when he will come,

You never know when you'll be gone

So take your chance and pay to pray

I will make you pay to pray

(I will make you pay to pray)

Say, won't you be redeemed today?

(Say, won't you be redeemed today?)
