

Policy Of Trust

Tanlines

Some wake up with
The pulse that I feel;
Some wait too well,
When I get old I will.

Don't wait too well,
The force and the feeling
Some wait too late;
When I get old I will.

I never said there's a policy of truth
I never said that I don't believe it,
I never said there's a policy of truth
I never said that I don't believe it.

Some wake up with
The pulse that I feel;
Some wait too well,
When I get old I will.

Don't wait to sell,
The fortune and feelin'
Some wait too well
When I get old I will.

I never said there's a policy of truth
I never said that I don't believe it,
I never said there's a policy of truth
I never said that I don't believe it.

I never said there's a policy of truth
I never said that I don't believe it,
I never said there's a policy of truth
I never said that I don't believe it.
