

All To Myself

Tantric

I want to be
I want to be
All to myself

Take me
From this day
Save me
From the sun ray

Some day
Something's got to get on my nerves
I can't wait for the day
That I can let my concerns
Go of me, can't you see
It's how I feel in my mind
I can move, I can hear
I can see, why don't you feel me

Take me
From this day
Save me
From the sun ray

Some day
Something's got to get on my nerves
I can't wait for the day
That I can let my concerns
Go of me can't you see
It's how I feel in my mind
I can move I can hear
I can see why don't you feel me

Some day
Something's got to get on my nerves
I can't wait for the day
That I can let my concerns
Go of me can't you see
It's how I feel in my mind
I can move I can hear
I can see why don't you feel me
