

## All To Myself

Tantric

I want to be  
I want to be  
All to myself

Take me  
From this day  
Save me  
From the sun ray

Some day  
Something's got to get on my nerves  
I can't wait for the day  
That I can let my concerns  
Go of me, can't you see  
It's how I feel in my mind  
I can move, I can hear  
I can see, why don't you feel me

Take me  
From this day  
Save me  
From the sun ray

Some day  
Something's got to get on my nerves  
I can't wait for the day  
That I can let my concerns  
Go of me can't you see  
It's how I feel in my mind  
I can move I can hear  
I can see why don't you feel me

Some day  
Something's got to get on my nerves  
I can't wait for the day  
That I can let my concerns  
Go of me can't you see  
It's how I feel in my mind  
I can move I can hear  
I can see why don't you feel me
