

What you realize
You feel inside
Who'd ever thought you'd sit here and compromise

I don't know why
It has to be
Nothing in life would ever come for free

I never thought I'd hear you say
That everything would be OK

Where are you going
If you don't know where you're coming from
Then you don't know where you're going to
That's fine, it will be alright

What you're looking for
Is piece of mind
Why do you go and hurt us all the time

It's where I find myself
Another day
Trying to find my way through it another way

I never thought I'd hear you say
That everything would be OK

Where are you going
If you don't know where you're coming from
Then you don't know where you're going to
That's fine, it will be alright

Where are you going
If you don't know where you're coming from
Then you don't know where you're going to
That's fine, it will be alright

If you don't know where you're coming from
Then you don't know where you're going to
That's fine, it will be alright
