

Astounded

Tantric

Hey, hey Hey, hey

You don't care
How I feel
You care about yourself
I understand the way you feel
Your pity is your wealth

Lost in time
She don't mind the
Change in the ways

Now you're mine
We don't mind the
Change in the ways

Hey hey hey
I just found my way
All you stupid fuckers
Walk around astounded and drowning

Hey hey hey
I just found my way
Some things can be lost
But now I found a new way
Through it again

I'll never wish you harm in life
I pray you find your way
I have found I'll live my life
Discovering my fate

Lost in time
She don't mind the
Change in the ways

Now you're mine
We don't mind the
Change in the ways

A new way
Through it
A new way
Through it Again
