

Fall To The Ground

Tantric

I can't wait for you to follow through
On what you said you'd do, I've waited long enough
Your mistakes for me have taken toll
You've finally lost control
And I have had enough

When you fall to the ground and you're leaving
Me to fend for myself again
What is left of me now is emptiness
That I have to fill up again

Looking back at what you put me through
And what you asked me to
So unbelievable its just a fact
Its undeniable there's something going on
That's taking over you

When you fall to the ground and you're leaving
Me to fend for myself again
What is left of me now is emptiness
That I have to fill up again

I wont proclaim I'm innocent of everything
But I wasn't the one ignoring operance
I did all I can

When you fall to the ground and you're leaving
Me to fend for myself again
What is left of me now is emptiness
That I have to fill up again [x2]
