

Hate Me

Tantric

Tell me again out on a limb
I won't offend you and tell you
That I gotta keep moving on
I have this much of time

Tell me again out on a limb
I won't offend you and tell you
That I gotta keep moving on
I have this much of time

Keeping it down under the ground
I should have at least
I try to tell ya
When I lost it that I never found it
I lost that in my mind

Take me
I want you
To show me the way
To find the world

Hate me now
Cannot find a better side here somehow
Hate me now
Cannot find a better side here somehow
This time

Show me the plan
Beginning to end send it again
And I'm thinking that you better
Make another friend
I lost you in my life

Take me
I want you
To show me the way
To find the world
