

Darkside

Tanya Donnelly

From the dark side of the sun
My supernatural one
You fell into grace
Move slowly if not carefully
Then in silence sometimes

Blighted and solo
This is where i come in reeling
Our future waits on the field of fair play
I will meet you there someday

You come on like a sunburn baby
My runaway old flame
I know you come in peace
But i'm still afraid

From the dark side of the sun
My supernatural one
You fell into my grace
Suffer me if not gladly
Then in silence sometimes
Our future waits on the field of fair play
I will meet you there someday

You come on like a sunburn baby
My runaway old flame
I know you come in peace
But i'm still afraid

Blighted and solo
This is where i come in
