

# Life Is But A Dream

Tanya Donelly

And a shadow fell  
Bringing sleep to all  
Life is but a dream  
Ours

When you disappear  
You are everywhere  
Life is but a dream  
Ours

In our beauty sleep  
In big sleep together  
Nothing ever ends  
Nothing lasts forever

You'll come back again  
I am waiting then  
Life is but a dream  
It's ours

Life is but a dream
