

## The Center

Tanya Donnelly

You're in the room I can feel you  
I don't want to then I do  
I hear the voices of the graces in here  
Swimming around  
Up in the corners of our room

You hold the center and I sing forever  
And you won't hear the same song twice  
We're shorter of breath maybe longer in tooth lately  
You are the love of my life

I'm on your side  
Believe it or not  
Just don't sneak up on me  
And we'll do just fine hold out your arm  
And I will fly you  
To bring your leather  
And I will sink my pins in

You hold the center and I sing forever  
And you won't hear the same song twice  
We're shorter of breath maybe longer in tooth lately  
You are the love of my life

You are the mountain I'm the low-flying bi-plane  
We come together in the most calamitous ways  
You're the tsunami I am the fisher in the bay  
We come together  
In the most glamorous ways  
You hold the center  
I ride the satellite  
We come together  
You are the love of my life
