

The Center

Tanya Donnelly

You're in the room I can feel you
I don't want to then I do
I hear the voices of the graces in here
Swimming around
Up in the corners of our room

You hold the center and I sing forever
And you won't hear the same song twice
We're shorter of breath maybe longer in tooth lately
You are the love of my life

I'm on your side
Believe it or not
Just don't sneak up on me
And we'll do just fine hold out your arm
And I will fly you
To bring your leather
And I will sink my pins in

You hold the center and I sing forever
And you won't hear the same song twice
We're shorter of breath maybe longer in tooth lately
You are the love of my life

You are the mountain I'm the low-flying bi-plane
We come together in the most calamitous ways
You're the tsunami I am the fisher in the bay
We come together
In the most glamorous ways
You hold the center
I ride the satellite
We come together
You are the love of my life
