

# The Shadow

Tanya Donnelly

Walk with me awhile  
I've got something to say to you or ask you  
I don't know  
It's been a long day

If the dove falls in the sea  
Never bringing us a leaf  
Will you come into the shadow with me  
Will you follow me under

If i wash up on the beach  
And i've lost all memory  
Will you come into the shadow with me  
Will you follow me under

If i decide to bring it all down  
Will you stay and help me figure it out  
Will you come into the shadow with me  
Will you follow me under

Walk awhile with me  
I've got something to say to you or ask you  
Will you come into the shadow with me  
Will you follow me under

I know it stinks  
Spinning on my fingertips
