

# Teach Me The Words To Your Song

**Tanya Tucker**

I hope it's all that I'd found  
This may be my last time around  
I tried so long but it's always gone wrong  
'Cause I don't know the words to your song

Teach me the words to your song  
Teach me and I'll sing along  
I don't care anymore if it's right or it's wrong  
Just teach me the words to your song

I've been hurt time after time  
I've laid my heart on the line  
I want to stay while the feelin's so strong  
So teach me the words to your song

Teach me the words to your song  
Teach me and I'll sing along  
I don't care anymore if it's right or it's wrong  
Just teach me the words to your song  
Just teach me the words to your song
