

What Do I Do With Me

Tanya Tucker

What do I do now that I'm all alone
What we did together beats anything I've done alone
Since the day that you left
I've been asking myself
Is this how it's gonna be
Without you what do I do with me

I don't wanna go out but I just can't stay home
I don't need company but I sure don't wanna be alone,
And to tell myself that I'm doing well is only making believe
Without you what do I do with me

Without you where do I go
Where do I turn
I'd sure like to know
What do I do with all of our things,
And how do I spend all this time on my hands
I've tried everything I've been racking my brain
It must be as bad as it seems,
Without you, what do I do with me

Without you where do I go
Where do I turn
I'd sure like to know
What do I do with all of our things,
And how do I spend all this time on my hands
I've tried everything I've been racking my brain
It must be as bad as it seems,
Without you, what do I do with me

Without you, what do I do with me.
