I was givin' up on givin' love another try But you were easy on the heart And easy on the eye

Yeah, I wouldn't have believed it if I'd been told I'd have my very own angel to hold Like a warm blanket I can wrap around my soul

You're good lookin'
You're good luck
You make me feel like a million bucks

That's what your love does for me Like a child, a little wild And like everything I do is in style That's what your love does for me

You took my outlook and you sure shook it up With a little bit of sweetness From your lovin' cup

What was once half empty is now half full Now I'm an optimist, baby, dyed in the wool Ever since you gave my lonely heart strings a pull

You're good lookin'
You're good luck
You make me feel like a million bucks

That's what your love does for me Like a child, a little wild And like everything I do is in style That's what your love does for me

You set the mood You set me free Like a prisoner with my own jail key That's what your love does for me

Like a new dime
Don't I shine
Feels like every day with you is spring time
That's what your love does for me

Feel like a child
I'm a little wild
And like everything I do is in style
That's what your love does for me
That's what your love does
That's what your love does for me
