## Tapes 'n Tapes

Late at night in the bedlum  
back rooms  
they sought you out  
breakers come in the dark crowds  
hits all  
hits all around  
you say  
i come  
look down  
you're wrong

in the night i wanna go home  
In the night I'm waiting down  
in the night, In the night  
I call you call  
I've been in the battle

When the sun went down  
I called you back  
When you hollered out  
I wrote you back  
I come inside  
I'll hold you tight  
A bedlum law  
The bedlum law  
You say  
"I'll come"  
Look up  
Look long

In the night I wanna go home  
In the night I'm Waiting calling  
In the night, in the night  
I come you call  
I've been in the battle  
In the night, in the night  
I Call you call  
Meet me in the battle

When the sun went down  
I called you back  
When you hollered out  
I wrote you back  
I come inside  
I'll hold on tight  
A bedlum law  
The bedlum law

When the sun went down  
I called you back  
When you hollered out  
I wrote you back  
I come inside  
I'll hold on tight  
A bedlum law  
The bedlum law
