

A Kiss from the Sky

Taproot

You all ..the beating path
Stop into a field of dying leaves of grass
So thick, I have to use my hands
It's only sinking in quick sand!
Pull away I can see again
..with the kiss from the sky

..I know a secret way
Unclear the reason why
I'm going hopes to find

...and you close into the waters edge
...I pray a miracle
Lay me down with a kiss from the sky

..I know a secret way
Unclear the reason why
I'm going hopes to find

...

..I know a secret way
Unclear the reason why
I'm going hopes to find
