

# Believed

Taproot

Frankly modest  
Speech dishonest  
Eyes upon us like a vulture in the sky  
Hovering carcass  
Molding earth  
Filthy birth afterlife  
Friction based upon fiction  
Replacing friendship  
Untrueness  
Speculation  
Concentration  
Heresy is controlling us  
All this flagrant foul stench upon us  
Overwhelming everybody like an imaginary forklife brother  
You point you finger as a scolding motherfucker sucker  
Blaming evil upon another  
Under that pedestal you hold yourself so high above us  
I can't imagine what it's like to not a give a shit about nothin

Lived the whole damn story  
Led in motion  
Peers are punished for their individuality  
Separating us all

I can't believe my friends would make such a lie  
Even though it was I that dishonored your trust  
But it's done  
I can't change the past  
I am gonna make us last  
Just believe in me and I'll show you that they're nothing true  
They point their fingers as a scolding motherfucker sucker  
Blaming evil upon another  
Under that pedestal they hold themsevles so high above us  
I can't imagine what it's like to not a give a shit about nothin  
But they're  
Frankly modest  
Speech dishonest  
Eyes upon us like a vulture in the sky

Lived the whole damn story  
Led in motion  
Peers are punished for their individuality  
Separating us all

You're frankly modest  
You're speech dishonest  
You're eyes upon us like a vulture in the sky  
Because you're frankly modest  
You're speech dishonest  
You're eyes upon us like a vulture in the sky

Lived, lived the whole damn story  
Led in motion  
Peers are punished for their individuality  
Separating us all  
Lived the whole damn story  
Led in motion

Peers are punished for their individuality  
Separating us all
