

Breathe

Taproot

Jealousy is raining down on me right now
As the fear of losing you is setting in
But I'll continue to do my best
Although it's scary
Wondering if this will be the very first time to lose
And not to win
And I've got no back up plan

But I'm... not a quitter
I'm not a quitter

I try to scream but I can't breathe...
Can anybody hear me?
I try to dream but I can't sleep...
Can anyone shield me?
I shut my eyes and hold my cries to myself
My pride's in the shitter
But I...
Won't quit, never quit

Confidence is coming back to me right now
As the strength to earning you is coming to
Cause I've continued to do my best
Although it was scary wondering if this will be my very first time to win
And not to lose
Cause I've got no back up plan.

But I'm...Not a quitter
I'm not a quitter

I try to scream but I can't breathe...
Can anybody hear me?
I try to dream but I can't sleep...
Can anyone shield me?
I shut my eyes and hold my cries to myself
My pride's in the shitter
But I...
Won't quit, never quit

Confidence is coming back to me right now
As the fear of losing you is setting in
But I'll continue to do my best
Although it's scary
Wondering if this will be my very first time to win
And not to lose

I try to scream but I can't breathe
Can anybody hear me?
I try to dream but I can't sleep
Can anyone shield me?
I shut my eyes and hold my cries to myself
My pride's in the shitter

But I won't quit
Never quit
