

# Dragged Down

Taproot

I'm just a person like you,  
I am just a fuck up thats true,  
But your the only one I'll turn to by my side,

Everyday and night,  
It's time to,  
Climb out of this big black hole,

Even if I can justify that I'm alive and alright,  
You're still the only one I'll turn to by my side,

Everyday and night,  
It's time to,  
Climb out of this big black hole,

So I cry alone,  
So I cry alone,  
I can't believe you drag me down  
Again

Just when I think that I'm fine  
I always then realize  
That I'm the only one to turn to  
me inside

Everyday and night,  
It's time to,  
Climb out of this big black hole,

So I cry alone,  
So I cry alone,  
I can't believe you drag me down  
Again

So I cry alone,  
So I cry alone,  
I can't believe you drag me down  
Again

I'm just a person like you  
I'm just a fuck up it's true  
I'm just a person like you  
I'm just a fuck up!  
I'm just a person like you  
I'm just a fuck up it's true  
I'm just a person like you  
I'm just a fuck up!

So I cry alone, (I'm just a fuck up!)  
So I cry alone, (I'm just a fuck up!)  
I can't believe you drag me down, (I'm just a fuck up!)  
Again, (I'm just a fuck up!)

So I cry alone, (I'm just a fuck up!)  
So I cry alone, (I'm just a fuck up!)  
I can't believe you drag me down, (I'm just a fuck up!)  
Again
