

Good Morning

Taproot

Let's go...
A tray of ash full,
a candle burns at...
This place is a sin
And now you believe
This place is a sin
And you gotta win!

This place is a sin for sure
Is very confusing and uncomfortable
A reminder of just how dark and ...have gotten
And wonder just what is going on
So... get up , get out!

The morning sun...
The taste of bitter and sweet...
This place is a sin
And now you believe...

Take your burrowing...beneath the sweaty sheets
To find the scary...
Rising way from... more in the view
The resting place for...
Find yourself now reaching out for what is real
The sense of ..as long as you can feel
A broken neck ...

This place is a sin
And now you believe
This place is a sin
And you gotta win!
This place is a sin
This place is a sin
This place is a sin
