

Now

Taproot

Well I need to be around you
And I need to see your eyes on me
Now
Cause I need to caress your face with mine
And I need to know that you care
Cause I bleed in pain
When I'm without your soul
Cause I love you on a level so high

Chorus
It's hard sometimes I know (repeat)
I am so me around you (repeat)
We have to be together

Now (8x)

I'll miss you while I'm gone
But here, now is where I belong
Will you wait around for me
Well I hope so cause without each other we're wrong

Chorus
