

## Calling Grace

Tarja Turunen

In the dark  
Captured in his frozen heart  
Colours fade into grey  
She tried so hard  
Every word was torn apart  
Shot her down with poisoned darts

Her tears made a swim beneath the sea  
She's free

Calling grace  
She'll never fall again  
Love remains in her

Softly, her inner voice has learned to speak  
Following her dreams

Her tears made a swim beneath the sea  
She's free

Calling grace  
She'll never fall again  
Love remains in her

Calling grace  
She will rise again  
Sacrifice the saints  
Still love remains
