Fm Em(b5)  
Put all your angels on the edge  
Fm Em(b5)  
Keep all the roses, I'm not dead.....  
Fm Em(b5)  
I left a thorn under your bed  
I'm never gone

Fm Em(b5)  
Go tell the world I'm still around  
Fm Em(b5)  
I didn't fly, I'm coming down.....  
Fm Em(b5)  
You were the wind, the only sound  
Fm Em(b5) Fm Em(b5)  
Whisper to my heart when hope is torn apart  
And no-one can help you

I walk alone.....  
Every step I take, I walk alone.....  
My winter storm.....  
Holding me awake, it's never gone.....  
When I walk alone

Fm Em(b5)  
Go back to sleep forevermore  
Fm Em(b5)  
Far from your fools, and lock the door.....  
Fm Em(b5)  
They're all around and they'll make sure  
Fm Em(b5) Fm Em(b5)  
You don't have to see what I turned out to be  
No-one can save you

I walk alone.....  
Every step I take, I walk alone.....  
My winter storm.....  
Holding me awake, it's never gone.....  
When I walk alone

Waiting up in Heaven,  
I was never far from you  
Spinning down, I felt your every move  
I walk alone

I walk alone.....  
Every step I take, I walk alone.....  
My winter storm.....  
Holding me awake, it's never gone.....  
When I walk alone
