

## If You Believe

Tarja Turunen

Drifting...words without meaning  
Twisting through the dark concealing  
Search again  
Your reflection lives within

Shade in the labyrinth  
The path lies ahead

If you believe  
True the name is honesty  
Let her shine through your darkest temptation  
hidden deep in sincerity  
With your painted smile so revealing  
Tarnished yet, there's no fear in me  
Feeding the flower that dies  
Is a ray of light, a ray of light

Roaming... colours they were sleeping  
Senses... they are never-ending  
Fight again the beauty in the suffering

Shade in the labyrinth  
The path lies ahead

If you believe  
True her name is honesty  
Let her shine through your darkest temptation  
Hidden deep in sincerity  
With your painted smile so revealing  
Tarnished yet, there's no fear in me  
Feeding the flower that dies  
Is a ray of light, a ray of light
