

Listen To The Wind

Tarnation

Listen to the wind, it calls out my name,
It calls with it's wanderin' ways.
Somewhere out yonder kindlin' my flame
Turnin' my tearin' to a blaze.
While I tow the line on this barge of a heart
That'll lead me astray some day, some day.
I'm gonna get me a gun and shoot me someone
If I don't calm my yearnin' heart,
And they'll take me away to an early grave
Before my natural days are done.
While I tow the line on this barge of a heart
That'll lead me astray some day, some day.
While I tow the line on this barge of a heart
That'll lead me astray some day, some day.
