Duh nuh come out afta midnight iyah
All inna broad daylight dem a tek life
So imagine afta dark when di action start
Wat a guh gwaan

Tek weh yuh self now

Ova war-rieka hill
War neva stand still
And inna garden
Mi neva see nuh cultivation nor nuh farming-a gwaan
Dem will done yuh inna kirk (dunkirk)
All ova watahouse a drought still dem will wet yuh
Is like yuh life nuh have nuh worth

And nuh see nuh mo' vegetarian alone

And get dis straight sah

And protect yuh neck
Protect yuh head back
Careful and protect yuh neck protect yuh head

When yuh come out afta x-30
Nuh trust nuh blue suit nor khaaki
Nuff a pose like police and dem a tief
Worst dan di klan weh wrap up inna white sheet
Freaks come out anytime it touch dark
Watch how yuh walk inside di park
He turn she and she turn he some sight to see
Swap identity and waah come mingle wid we
New kingston
Mi si dem a dust but mi nuh see nothing done
For my people
Still no one knows the reason

And mi guh ask a hope road
Still it was hopeless cause no one would hear ma cry
Di struggle still continue

And inna payneland burn di pain and mek wi hold a joy

Get dis straight sah
Work for a safer jamaica
Sweetest land sweetest watah
Dash weh di pirate cultcha

Yuh got to be care-ful
And protect yuh neck
Protect yuh head back
Careful and protect yuh neck protect yuh head

Yuh betta protect yuh neck
Protect yuh neck
Protect yuh head don't tek nuh check
Protect yuh neck
And look over yuh shoulder

Mi well waah come out afta x-30
Mi nuh waah nuh curfew country
Woman and man tired fi lock up inna house
Well waah come out and sport all bout
