

# Come Rain Come Shine

Tata Young

Unsuspecting, the way you cross my mind  
Who could've known you'd be so real  
But unrelenting, the grip that lives around you, give me a sign  
So I can rescue you, and save the day, yeah

Bring in the rain, bring in the shine  
Let it go stop wasting time, I'm calling out to you  
And don't chase the sun, don't race the sky  
Let it go stop wasting time  
And I'm calling out to you

I'm calling out to you  
Fascinating, how moments feel sublime  
Seems like I'm glowing when you're near  
But unavailing, when you pay no mind or you're twisting every other line  
Baby say the words I'll rescue you and make you mine

I'm calling out to you

Come rain come shine, stop wasting time  
Come rain come shine, you will be mine  
Come rain come shine, stop wasting time  
Come rain come shine, you will be mine

I'm calling out to you
