I Believe In Love

I feel the heat around me I feel the beat surrounds me Could this be for real, I wonder No need for hesitation It's time for celebration Will this be the night I've waited for

When angels fall in love Heaven knows, does it show, oh If this love, will last for eternity Set me on fire

I believe, I believe in love And like the stars above They shine, let it shine over me Set me free I believe in you And that our love is true Oh I believe, I believe

I see that people dancing Boys and girls romancing They want this to last forever

Cause underneath the moonlight Everything is alright We're reaching our hands up in the air

To where the souls alive Heaven knows, that it shows oh If this love, will last for eternity Set me on fire

I believe, I believe in love And like the stars above They shine, let it shine over me Set me free I believe in you And that our love is true Oh I believe, I believe

How could I doubt, what was meant to be Everything I needed was in front of me Your healing touch, will lift me up in the sky, so high

I believe, I believe in love And like the stars above They shine, let it shine over me Set me free I believe in you And that our love is true Oh I believe, I believe
